Unlike similar receptacles, the Venue Series features laser cut RECYCLE, TRASH or COMPOST in the center of the body (other units use decals). These units also feature color coordinated plastic liners.

## Features and Benefits

- Brushed Stainless Steel body is fully welded with a contemporary perforated hole pattern
- Flat lid with 8" opening is finished in fingerprint proof, Recycle Blue texture for Recycling, Black Texture for Trash and Green Texture for Compost
- Security cable keeps lid attached to receptacle and prevents theft and vandalism
- Includes a 33 gallon capacity LLDPE plastic liner with lift holes which match lid color. The liner base resin meets UL94 flammability standard
- Full wrap-around rubber gasket on bottom to protect unit and floor surfaces
- Contains over 60% recycled steel and 100% post-consumer recyclable
